

Teacher card

Personal values and respect for others / GROW_RE_A2_W06

Outcome: Identify a value that matters to a person and explain how respecting different values supports community.

Evidence to retain: F: values-and-respect scenario task.

Forty minute route

Arrival 4 min; starter 3; model 6; shared task 7; check 2; independent 12; review 3; exit 3. Pause time is flexible.

Preparation

Choose one independent route. Print the evidence and shared cards, required visual or data sheet, route worksheet and exit. The organiser is one separate A4 page. Keep answers with staff.

Emphasise respect does not require agreement; model safe boundaries; redirect personal/conflict disclosures appropriately; support reasoning not confession.

Access and regulation

Fictional examples; no requirement to rank own values; symbol/word choices; MCQ response route; verbal/ scribed answer.

Offer a predictable start, private response and agreed pause. No cold calling or forced personal disclosure. Rejoin at one clearly named next step. Keep teen-appropriate examples and the same learning goal across response modes.

This is learning about religion and worldviews, not worship. Nobody is asked to share a personal belief, family detail or loss.

Assessment

Use questioning and the exit response to decide the next step. Record the learner's individual contribution and the access support used.

UAS: no approved unit code is supplied. Match the learner's evidence to the centre-selected unit and exact criteria before submission. This pack makes no automatic award claim.

Model and answers

Read these pages before teaching. Hide the model during independent assessment.

Question: Give one way to show respect when values differ.

Evidence: B A respectful response: Ben says, "See you next week. Hope the meal is good." He respects a value he does not share.

Think aloud: For example, accept their choice without mocking it.

Check: Does respect mean you have to agree? No. Respect does not require agreement.

Arrival answers

1. For example: "What does ___ mean to you?"
2. Something a person thinks is important in how to live
3. For example, accept their choice without mocking it.
4. No. Respect does not require agreement.

Shared activity reasoning

1. "See you next week. Hope the meal is good." — Respectful. It accepts a different priority.
2. "You're letting us down for a dinner?" — Needs changing. It mocks the other person's value.
3. "I'd have stayed, but I get why you're going." — Respectful. It disagrees and still shows respect.

Exit responses

Give one way to show respect when values differ. For example, accept their choice without mocking it.

Does respect mean you have to agree? No. Respect does not require agreement.

Teaching and evidence record

Supplied scheme of work teaching sequence: Arrival: 4 retrieval questions. Starter: values ranking using fictional scenarios rather than personal disclosure. I Do: model how values influence actions. We Do: compare two people with different priorities and identify respectful responses. You Do: complete a values-and-respect scenario task. Exit ticket: one way to show respect when values differ.

Look for

F: values-and-respect scenario task.

Accept accurate equivalents, including speech or exact scribing. Check the concept and use of evidence rather than length or handwriting. Record access support separately from content prompting.

BUILD: a concrete example with a reason or demonstrated action. GROW: explain or compare with a relevant detail. LAUNCH: connect evidence and reasoning; use a limitation when the outcome requires it. Keep RE responses non-GCSE.

Media

Original captioned teaching model made for this pack. It demonstrates the supplied reasoning; it is not historical footage, survivor testimony or a documentary. The full transcript and factual source credits are included.

Use manual steps for a calm pace. The silent MP4 has visible captions and a matching text transcript. External archive media is optional and should be previewed before class.

Source credits

Source access was checked on 19 September 2026. Restricted links are listed in Sources_and_checks.html; a restriction here is not proof that the page is dead. Offline teaching material remains available.
