

## Festivals, shared values and the Day of Peace

Learning goal: Explain how a festival or shared value can bring people together and identify one value linked to peace.

### Words to use

| Word         | Meaning                                                         |
|--------------|-----------------------------------------------------------------|
| shared value | Something people of different worldviews agree is important     |
| peace        | When people are safe and conflicts are settled without violence |
| symbol       | Something that stands for an idea                               |
| community    | People linked by a place, belief or activity                    |

### Remember

Name one value shared across two worldviews. For example, peace, welcome or dialogue.

Is the Day of Peace only for religious people? No. It is for everyone.

### How to show your learning

Create a “Peace in Practice” response.

The value of \_\_\_\_ can lead to \_\_\_\_\_. This builds peace because \_\_\_\_\_.

### Evidence matters

Fictional cases are teaching examples. Historical, geographical and religious claims use the named sources. A model video demonstrates a method.

This is learning about religion and worldviews, not worship. Nobody is asked to share a personal belief, family detail or loss.
