

A structured “explain” response

Learning goal: Write or give a structured explanation using a point, evidence/example and explanation.

Words to use

Word	Meaning
point	A clear answer to the question
evidence	An example or fact that supports the point
explain	To say how or why, using “because” or “therefore”
therefore	A word that shows what follows from the evidence

Remember

In the model answer, which sentence is the evidence? “For example, Daniel believes everyone deserves dignity.”

Is a list the same as an explanation? No. An explanation says how or why.

How to show your learning

Choose one explain question from Weeks 1–4.

Point: _____. For example, _____. This shows _____ because _____.

Evidence matters

Fictional cases are teaching examples. Historical, geographical and religious claims use the named sources. A model video demonstrates a method.

This is learning about religion and worldviews, not worship. Nobody is asked to share a personal belief, family detail or loss.
