

Belief and identity assessment

Learning goal: Use evidence from the half-term to explain how beliefs and worldviews can influence identity, values or choices.

Words to use

Word	Meaning
evidence	An example or fact that supports the point
relevant	Directly connected to the question
authority	A source people trust to guide what they believe or do
next step	One thing to improve next time

Remember

What makes evidence relevant? It directly answers the question being asked.

Must every pupil write the same length of answer? No. Use your agreed access route.

How to show your learning

Write your point.

Point: _____. For example, _____. This shows _____ because _____.

Evidence matters

Fictional cases are teaching examples. Historical, geographical and religious claims use the named sources. A model video demonstrates a method.

This is learning about religion and worldviews, not worship. Nobody is asked to share a personal belief, family detail or loss.
