

Moral teachings across worldviews

Learning goal: Apply a moral teaching or principle from two worldviews to an everyday dilemma.

Words to use

Word	Meaning
moral	To do with right and wrong
principle	A basic rule that guides decisions
dilemma	A situation where the right choice is not obvious
consequence	What happens as a result of an action

Remember

Which principle asks you to imagine being the other person? Both: the Golden Rule and Humanist empathy.

Does describing a teaching mean you agree with it? No. Description is separate from endorsement.

How to show your learning

Select one everyday dilemma.

Using the principle of ____, a person might ____ because ____.

Evidence matters

Fictional cases are teaching examples. Historical, geographical and religious claims use the named sources. A model video demonstrates a method.

This is learning about religion and worldviews, not worship. Nobody is asked to share a personal belief, family detail or loss.
