

A structured “compare” response

Learning goal: Produce a structured comparison using evidence from two worldviews.

Words to use

Word	Meaning
compare	To show similarities and differences
describe	To say what something is like
however	A word that introduces a difference
viewpoint	What a person or worldview thinks about a question

Remember

Which words show that an answer is comparing? Both, however, whereas.

Are two descriptions side by side a comparison? No. A comparison links them.

Evidence matters
