Creative Arts Spring 1 Week 3 guide

Use the dated lesson for the pathway. Each edition is a complete portable pack. Pupils use books or their existing arts log first. Print pages support access.

Both pathways work at Explore. Each lesson is complete without the optional GROW next level stretch. Week 3 contributes evidence towards the ongoing arts log and does not by itself complete an award. This is classroom arts learning. No live arts encounter or future event is claimed.

This week

BUILD Spring 1 Week 3 Monday 18 January 2027 P5 Year A Explore - An artist uses line and colour

BUILD Spring 1 Week 3 Tuesday 19 January 2027 P1 Year A Explore - My own response to an artist

GROW Spring 1 Week 3 Monday 18 January 2027 P6 Year A Explore - Two ideas for resilience

GROW Spring 1 Week 3 Wednesday 20 January 2027 P5 Year A Explore - My plan ready for making

BUILD artist and original response

Henri Matisse is described through line, colour and his later cut-paper methods. Listen to the short original description and identify real details. Pupils then try a method and make an original response. No real artwork is reproduced, traced or copied. A view of a feeling is labelled as a personal interpretation.

GROW plan before making

Keep two small thumbnail ideas or equivalent short sound or movement plans. Choose one with a reason. In the second period develop its materials list, quantities, steps, time and access needs. A rough plan is enough to guide the later making lesson; do not record it as a finished artwork.

Keep the established log

Continue A Take Part, B Explore, C Create, D Share and Evidence Index if used. Add dated entries rather than replacing earlier evidence. BUILD can add the artist detail and own response. GROW retains both ideas, the chosen plan and practical notes. Cross-reference existing evidence rather than duplicating it.

Teaching and progression guide

One artist described

Artist facts were checked against a published studio-method account. Matisse linked line and colour with feelings, used painted paper shapes and tested arrangements. The pupil card paraphrases these ideas. It supplies no artist quotation, artwork reproduction, named venue or website address.

A usable GROW plan

The selected idea needs a theme, art form, intended effect, materials and quantities, ordered actions and a workable time and space plan. Check what is actually available. If materials change, record an honest revised plan. Silent movement, original words or pupil-directed adult actions can provide a no-materials option.

Explore and optional stretch

Both pathways work at Explore. Each lesson is complete without the optional GROW next level stretch. Week 3 contributes evidence towards the ongoing arts log and does not by itself complete an award. This is classroom arts learning. No live arts encounter or future event is claimed.

Each GROW lesson has one clearly labelled extra task. Retain its reasoned comparison, constraints, feedback and revisions if attempted. Explore learning stands complete without it. These additional records may support a later level review, but do not establish that every next-level requirement has been met.

Materials free cover route

Read the BUILD artist card aloud and invite a small original gesture or spoken response. For GROW, pupils describe two short action plans, choose one and direct the adult through the intended order. An adult records actual choices and exact confirmed words when a recording surface is available.

Evidence and access

Keep facts, interpretations, models and pupil work separate. No personal history or public performance is required. Record actual dates and support. A planned visit, share or finished artwork is never prefilled.

Where this leads

Artists, designers and performers test ideas and explain their choices. These skills help when working to a brief.

Next returns

Weeks 4 to 6 follow one per return from rows 91 to 93. Pause for Downloaded after this Week 3 return.
