TA brief

Developing my resilience piece

I can develop my piece and explain my changes.

Key support

I do: Point to the demonstrated step. Check understanding without choosing the pupil meaning.

We do: Ask for a pupil choice, allow thinking time and use the least help needed.

Independent: Support access, retain actual work or a precise witness note, and confirm the pupil words and support used.

Materials-free route

Develop or direct a short silent sequence. Staff witness the final order, pauses, changes, help and pupil meaning. No recorded media is required.

Prompts

Point → short question → rephrase → choice → model first step only, then return task.

Calm pause

Stop tools or sound on the agreed raised hand. Offer the quiet space and return cue. Follow the setting procedures for distress or a disclosure; do not invite public details.

Record

Keep actual tests or versions, the pupil choice and reason, dated arts-log entry and actual support. A precise confirmed witness note is valid for performance or directed work. Do not prefill model answers as pupil evidence.
