Teaching assistant brief

BUILD Spring 1 Week 5 Tuesday 2 February 2027 P1 Year A Explore

I can make one real change and say how it helps my piece.

Arrival 0-3; Starter 3-6; I do 6-12; We do 12-18; Create 18-32; Review 32-37; Exit 37-40 minutes. Tidy in the final two minutes of Review.

I do

Point to the feature being modelled. Check one detail. Do not decide a feeling for the pupil.

We do

Offer two versions. Ask what changed. If unclear, change just one feature and check again.

Create

Use the prompt ladder. Record the actual help. Return the next action to the pupil after modelling one step.

Materials free access

The pupil performs or verbally directs a short silent baseline and a revised sequence with one real changed pause, pace, size or order. The adult witnesses both and records the actual difference, intended effect, pupil reason and support when a recording method is available.

Log and review

Scribe exact pupil words. Read them back and allow correction. Keep observed actions separate from the pupil's intended feeling.

Prompt ladder: 1. Point to the place or instruction. 2. Ask a short question. 3. Rephrase the instruction. 4. Provide a scaffold or choice. 5. Model the first step only, then return the task.

Plan in any language. Use a silent seated route and private sharing when helpful.

Evidence

Retain actual work or a precise observation plus the log. Keep optional stretch labelled separately. Do not infer a completed award or live encounter.
