# My review and one revision

GROW Spring 1 Week 5 Monday 1 February 2027 P6 Year A Explore

Use your actual Week 3 plan and your own current work. Compare what you meant with what exists. If either is missing, make a fresh small starting point and date it honestly.

## Self review

Check the resilience idea, chosen features, form and current stage. Identify a feature that matches the plan and one small change that could help.

## Optional private peer comment

Ask only if both pupils choose it. Share only a part the maker agrees to show, privately and never to the class. Either pupil can stop. Keep at most one peer comment. If the route is not used, record that and use staff feedback or self-review instead.

## One improvement made

Make the chosen revision. Keep a before note, the real change and the actual result. If a new version is needed, retain both versions. A change is not proof of a better effect; say what actually happened.

My chosen change was ___.

I changed ___. The result was ___.

The feedback source and next step are ___.
