Words for our practical jobs

White standard edition

An adult can read each word aloud.

sow

Place a seed in suitable growing medium.

plant out

Move a young plant into its outdoor growing space when ready.

harvest

Collect the part grown for use when it is ready.

season

A part of the year with typical conditions.

harden off

Gradually help an indoor-grown plant adjust to outdoor conditions.

provisional

A choice that still needs a check before it is final.
