Invented teaching plan

Keep this way up · not to scale

Keep the plan this way up. Move one square per direction. Left and right mean on the page. A route starts at a named place and ends at its destination.

Arrival task

Supported | Routes on a familiar plan

A plan shows places from above. Use the picture key. Left and right mean on this page. No previous lesson is needed.

Use the practice plan sheet. Start with questions 1 and 2.

1 Point to S, the school.

Help: Find the roof picture.

My response

2 Show right on the page.

Help: Choose left or right with your finger.

My response

3 Move from S one square down. Where are you?

Help: Trace with a counter.

My response

4 Point to a destination. What does it mean?

Help: Think about where a route ends.

My response

Arrival task

Standard | Routes on a familiar plan

A plan shows places from above. Use the picture key. Left and right mean on this page. No previous lesson is needed.

Use the practice plan sheet. Start with questions 1 and 2.

1 What does S mean?

Help: Use the key.

My response

2 From S, move one square right. Where are you?

Help: Move to the adjacent square.

My response

3 From L, move one square down. Where are you?

Help: Keep the page still.

My response

4 What does destination mean?

Help: Think of the end of a journey.

My response

Arrival task

Stretch | Routes on a familiar plan

A plan shows places from above. Use the picture key. Left and right mean on this page. No previous lesson is needed.

Use the practice plan sheet. Start with questions 1 and 2.

1 Start B. Move up, then right. Where are you?

Help: Track each move separately.

My response

2 Start X. Move right, then down. Where are you?

Help: Use the key to name the final place.

My response

3 Why must we name the start?

Help: Try the same direction from two places.

My response

4 Give two moves from S to X.

Help: Try a different first direction.

My response

Shared activity

Partner roles and practice record

Use the practice picture plans. A partner can point, speak, draw or write.

1. Navigator: choose a start and give two moves on the plan.
2. Checker: trace the moves with a counter and mark the destination.
3. Compare with the navigator's intended destination. Swap roles.

Practice route	Destination
Start S. Right, then down.	_____
Start S. Down, then down.	_____
Start P. Down, then left.	_____
Start F. Left, then up.	_____
Start X. Left, then down.	_____

Build a route

Navigator's start and directions

Checker's destination and check

Swap roles. This is plan practice, not permission to walk around school.

Independent task

Supported | Routes on a familiar plan

Use a simple map or plan of a familiar place.

Use the checked familiar-place plan.

1. Find the start on the familiar-place plan with an adult.
2. Follow one short route, with directions read aloud.
3. Mark or point to the destination yourself.

Help: Use a counter. Hear one direction at a time. Point or say: I finish at ____.

My start

My directions in order

My destination

How I checked

Further challenge: Try a new destination with the content prompt removed.

Independent task

Standard | Routes on a familiar plan

Use a simple map or plan of a familiar place.

Use the checked familiar-place plan.

1. Mark a start on the familiar-place plan.
2. Build a short route for a partner. Swap roles.
3. Follow the new route and mark its destination independently.

Help: Use the key and directions on the checked plan. Say: From ____, go ____ to ____.

My start

My directions in order

My destination

How I checked

Further challenge: Check one unclear instruction and rewrite or say it more clearly.

Independent task

Stretch | Routes on a familiar plan

Use a simple map or plan of a familiar place.

Use the checked familiar-place plan.

1. Give a precise route on the familiar-place plan.
2. Ask a partner to test it. Repair any unclear instruction.
3. Follow a fresh route and mark its destination independently.
4. Explain one check using a feature on the plan.

Help: Keep the starting point and the plan orientation clear.

My start

My directions in order

My destination

How I checked

Further challenge: Find another valid route if the paths allow it. Explain the difference.

Exit tickets

Use only your chosen route

Give your own response using the checked local sources. Your usual reading or communication support can stay.

Supported

1. Show the start on your familiar-place plan. Point or name it.

2. Follow a new short route. Mark the destination yourself. Directions may be read aloud without giving the destination.

Standard

1. Where does the new route on your plan finish? Mark or name the destination yourself.

2. How did you check one direction? Point to a feature or explain.

Stretch

1. Follow a fresh route and mark its destination. Use the checked familiar-place plan.

2. Repair one unclear route instruction. Explain why your version is easier to follow.

Local evidence sheet

Teacher completes before the lesson

Use a checked plan of a familiar school area.

Familiar place and plan source

Date checked and key

Agreed start

Partner route directions

Fresh independent route directions

Attach or paste the plan/source sets on an extra page if needed. Check the key, labels and source limits. Do not use personal home addresses. Keep staff answers on the teacher sheet.
