Teacher and Cover Plan

I can pick my part and test one cue for our group share.

At check-out, record E for planning and testing a group share against the pupil's target.

Regulation: check the colour-and-word card at Arrival and after You do.

You may point, show art, hold a cue card, or tell an adult where to place it. Share with one adult in private if you wish.

Use paper, card, pencils, layered art pieces and the four cue cards. Keep sound low and leave space to pass.

Practice evidence only. No completion decision, encounter, public event or completed response is pre-filled.

Invite a response. Allow thinking time. The pupil may pass.

I do staff script

Ask the question

Watch the model: pick a part to play, point, show art or give a cue.

Show the four parts on the desk. Model picking one part and keeping a quiet option equal in value. Invite pupils to point to a part they could try.

Find the evidence

Check the space. Put the start and stop cues where all can see them.

Place the start triangle and stop square in clear view. Model checking that every person in the group can see both signs without moving.

Explain the link

Try the short part with the group and watch the stop cue.

Run the four-step order once. Point to each cue card in turn. Show how the clear stop cue helps the group finish together.

Check what we know

Read two tips. Point to the tip that names one clear change.

Show two tips side by side. Model choosing the tip that names a real cue we can move and test.

We do staff script

Pick a part together. You can play, point, show art or give a cue.

Put the start and stop cues where the group can see them.

Try the short part once with the group.

Look at two tips from a listener. Point to the tip we can test.

Tell or show a partner which cue we should move. You may pass.

In your book, mark your part and the cue you tested.

Guide the group to pick roles. Keep pointing, showing art and cueing equal in value.

Let pupils place the start and stop signs, then test one near-miss where the stop sign is hidden.

Compare a clear tip with a vague tip. Ask pupils to point to the clue that tells us what to move.

Check that each pupil marks their part and cue plan in their book to keep for Lesson 2.

We do decision checkpoint

Which tip tells us what to change?

A · Put the stop sign where we can see it.

B · Make it better.

A. It names the exact cue to move so the group can test it.

If pupils choose A and point to the stop cue, release the short book plan. If they choose B, model moving the stop sign once and use the parallel check.

You want the group to start on time. Do you hide the start cue or put it in view?

Put the start cue in view so all can see it.

Review and improve

Show the part and cue you chose in your book.

Use one tip to make your start or stop cue clear.

Check the cue again. Show what you changed.

Optional: show or tell an adult what you changed after feedback. You may use your usual response mode or pass.

Mark R only after the pupil has responded to the next step and an adult has received and reflected the response.

Adult ticks the improved work.

Pupil voice

What helped you most today, or what would you change next time?

Point, speak, sign, draw, write or choose. You may pass.

Lesson 2 · Share the group piece

Soft instrumental music for transitions if the class plan says so. Sound off by default.

Planning and evaluation

For absence or access, use the first worked card in I do or We do. If behind, keep one model cue, the checkpoint and one book response.

Cognition and learning

Keep a model and a two-choice start in view. Fade one cue when the pupil shows the next step.

Communication and interaction

Allow thinking time. Use a visual choice and a brief stem. Accept all listed modes or a pass.

SEMH

Offer a calm start and a private response. Keep quiet sharing equal in value.

Sensory and physical

Individual target opportunities

Adult deployment and responsive feedback

Point to the place or instruction. Ask one short question. Rephrase the instruction. Give a scaffold or a choice. Model the first step only, then return the task.

First lesson back and return to learning

Read once only. Welcome pupils and check the last work in private. Offer the first model cue, then rejoin the chosen route.
