Reference sheets

Find a real clue

The page is a record. The eye means look. The tick means a part that worked. The arrow means one next step.

Choose a small change and check it

Keep the real clue, the strength and one checkable next step together. These symbols give prompts, not completed answers.

Worked model

Ask the question

Watch the model: use one real clue to check what went well.

Find the evidence

Look at the work or a note. Find one thing you saw or heard.

Explain the link

Link the clue to one good part. A clear stop is one part we can check.

Check what we know

Check the same moment. A good review says what helped, not just how it felt.

Shared investigation

Find a real cue sketch, art piece or note from the group piece.

Point to one part that went well. Use a quiet role if that was your part.

Say or show what was seen or heard at that moment.

Link the clue to the strength. Check that both refer to the same part.

Compare a clear note with a note that just says it was good.

In your book, keep one real clue and one short strength note.
