Complete a Supported Vocational Task

Your task and response

I can complete a vocational task from start to finish.

I can work safely and to the standard.

I can review how my task went.

Point, speak, sign, draw, write or choose. You may pass.

In your book, keep the plan, a record of the finish and your review. Say what help you used. Label a paper task as rehearsal. Record the adult-led kit task when it is completed.
