Teacher and cover plan — One symbol, many ways

Pathway: BASE · Week 1 Part 1 · Big question: How can we draw one shape in four new ways?

Learning goals and studio kit

• Pick one shape that shows what you like.

• Draw your shape in four boxes with four tools.

• Point to the box that looks bold and clear.

Studio kit: Four-box grid sheet, soft pencil, black pen, wax crayon, brush and ink pot

Arrival and starter

Arrival: Pick one art tool to test on your page now.

Starter question: Which box is best to see from the back wall?

Teacher model (I do)

Step 1: Pick one shape: I pick one leaf shape. I keep the same shape today.

Step 2: Fill box 1 and box 2: In box 1, I draw a neat line. In box 2, I press hard for dark tone.

Step 3: Fill box 3 and box 4: In box 3, I tap small dots. In box 4, I paint a wide ink line.

Practice routes (Supported / Independent / Aspire)

Supported: All four boxes show your shape with four new marks.

Independent: Four clear mark styles tested on the same shape.

Aspire: Four boxes done with a mixed mark test in Box 4.

TA and cover notes

TA focus: Keep thick card templates ready for the Supported route and half-fill ink pots in spill trays.

Staff prep: Staff preparation only: review a short studio demonstration of four-box mark-making. First the lesson.
