Tier pack: Supported route — Curate the studio showcase

Pathway: BASE · Week 7 Part 2 · Big question: How do we arrange and label our relief panels for a class art show?

Supported route studio steps

Step 1: Pick a title. Tick the art tools you used on your art wall label card.

Step 2: Use the card spacer block to place your panel in a straight row on the display table or wall.

Step 3: Place your label card neatly under the bottom corner.

Step 4: Put one star praise note next to a friend's panel. Tell them what you liked.

Success check

Label done, panel spaced neatly,. One peer praise note given.

Key words helper

• set out: To choose and arrange artworks neatly so people can enjoy them.

• art show: A wall or table display where finished art is shared.

• label card: A small card next to an artwork naming the title and tools.

Review checklist

[ ] Step back with the whole class to admire the finished art show wall.

[ ] Read the kind sticky notes left under your relief panel.

[ ] Stick your praise notes into the back of your studio log to keep.
