Tier pack: Aspire route — Planning the piece: four composition choices

Pathway: TRACK · Week 3 Part 1 · Big question: How do four deliberate choices — focal point, palette, background pattern, and medium — shape an identity piece?

Aspire route studio steps

Step 1: Sketch three thumbnail compositions testing symmetry, rule-of-thirds asymmetry, and cropped framing.

Step 2: Create a live mixed-media test strip alongside your colour swatches to prove layer order.

Step 3: Draft a detailed composition plan with full annotations explaining how figure-ground contrast directs the viewer's eye.

Success check
