Tier pack: Independent route — Visual maker study and response

Pathway: TRACK · Week 6 Part 1 · Big question: How can we analyse a visual maker's use of pattern and contrast, then create our own studio response?

Independent route studio steps

Step 1: Use a viewfinder to execute an accurate 6 cm observational transcription in Box 1 showing layer sequence.

Step 2: Annotate box 1 across three lenses: Media layer Order, Tonal contrast, and Pattern rhythm.

Step 3: In box 2, design and render an original personal response applying those three technical rules to your own motif.

Step 4: Write a short summary explaining how the study informed your response.

Success check

Paired transcription and original response completed with three analytical annotations.

Key words helper

• deconstruct: To break an artwork down into its building blocks (line, tone, pattern, colour).

• observational study: A careful drawing of a small section to learn how the marks were layered.

• visual response: A new mini-artwork of your own that borrows a technique or colour rule from the study.

• juxtaposition: Placing two contrasting textures or colours side by side for visual punch.

• annotation: Short analytical notes connected to specific parts of your study.

Review checklist

[ ] Place box 1 and Box 2 side by side: can a viewer clearly see the shared technique and your new symbol?

[ ] Check that your three pointer annotations explain HOW the marks work.

[ ] Add this response sheet to your studio portfolio.
