Balanced Plate · Tier Pack · Independent

Learning goal: I can use a plate guide to see which food groups take up the most space.

Independent Route (Book First)

Label the sections of the plate guide and write two sentences explaining which groups are biggest and which is smallest.

Help: __ and __ have the biggest spaces because __, while __ has the smallest space.

Optional Make It · Independent

Make a colour-coded Plate Guide wheel

Label the five sections on a paper circle (Fruit/veg, Starchy food, Protein, Dairy, Oils) and write why the spaces are different sizes in your book.

Word Help

plate guide: a circle chart that shows how much of each food group we need

portion: the amount or share of a food group on the plate

starchy food: foods like bread, rice, oats, and potatoes that give steady fuel

dairy: milk, cheese, yoghurt, or plant swaps that help keep bones strong

Exit Check

Which group has a bigger space on the plate guide:

fruit and veg or cooking oil?

Name one food from the dairy group and say what it helps in the body.
