

Choosing a school sustainability option

Knowledge organiser | LAUNCH Humanities

Make a reasoned geographical decision.

Words to use

Word	Meaning
environmental	Concerning resources and the natural environment
social	Concerning people and access
practical	Concerning how an action can be carried out
trade-off	A benefit gained alongside a disadvantage

Method to remember

Read both AUTHORED options.

Agree environmental, social and practical criteria.

Compare both options using the same criteria.

Justify a choice and name one disadvantage.

My explanation

I choose _____. Evidence from _____ shows _____. This matters because _____. A limit is _____.

Remember

Options A and B are authored scenarios. Intended benefits are not measured results. Different priorities can support different choices.
