Teacher and cover plan

1. Outcome

I am learning to… plan a fair investigation, record a result and explain a limit.

Weekly line C44: Consolidate and revisit key ideas through investigation.

2. Arrival

Use the source retrieval and a predictable start; check actual prior coverage.

3. Starter

Keep each first idea visible. Accept point, sign, speech or an exact scribe.

4. I do

Model the science and the source words. Keep the worked example and its limit.

5. We do

Hear both choices and reasons. Re-model when needed, then use the parallel check.

6. You do

Test two runs per surface or observe. Record distance. Name what changed, stayed the same and could limit the test.

7. Routes

Supported / Independent / Aspire are choices of access and challenge within one task budget.

8. Access

No cold calling. Learner may pass; allow a quiet pause and exact scribing.

9. TA role

Use the five-step prompt ladder. Record support separately and fade it.

10. Exit

Hear each learner’s response and use it to choose the next teaching step.

11. Evaluation

Date taught _____ Changes, reasons and coverage _____

Teacher and cover plan · kit and timing

12. Kit, safety, evidence and timing

Small toy, low launch guide, rough and smooth paper, start-line tape, ruler and a four-result table. Keep the same toy, start and launch method. An adult-led test or observation route retains the same science decisions.

Follow the school risk assessment and approved practical guidance. Keep the track low and clear. Retrieve only after the toy stops. Keep hands and faces clear. No raised drops or mains equipment. Keep every actual result.

Time	Stage
0–5 min	Arrival
5–8 min	Starter
8–13 min	I do
13–20 min	We do
20–25 min	We do 2
25–33 min	Independent
33–37 min	Review
37–40 min	Exit

Total 40 minutes. Quiet resets and feedback sit within the stated blocks. Alternate routes do not add time. Each learner keeps their own evidence.

Evidence: first response, result or labelled explanation, actual feedback, pupil response and Exit. Use SCI-GROW-A2-W06. Record adult prompting separately.

Record any change, reason and coverage impact. Preserve the core task and hand over checked understanding.
