

A measurable community contribution

Knowledge organiser | LAUNCH Humanities

Link learning to local action with Community Project links.

Words to use

Word	Meaning
baseline	A starting measurement for comparison
indicator	A measure used to check progress
role	A defined contribution to a shared task
contribution	What a person adds to an agreed action

Method to remember

Label real local evidence or AUTHORED PRACTICE.

Record the baseline, action and responsible roles.

Repeat the same indicator for the same task.

Review the result and explain its limits.

My explanation

I choose _____. Evidence from _____ shows _____. This matters because _____. A limit is _____.

Remember

Use a repeated count for the same task. Label the 12 and 8 figures AUTHORED PRACTICE. They are not findings about this school.
