COMM-GROW-A2-W01

Choices and tools for one issue

These prompts are for practice. Use a real note from our trial. Keep your choice and reason your own.

If the real issue is	Two choices to check
Cost too high	Two checked recipes or pack choices.
Too many pieces	Two amounts. Check how many staff may buy and how long we have.
Packs missing	Two suitable packs checked by an adult.
Price unclear	Two prices checked against costs and feedback.
Allergy question	Pause the choice. Ask an adult to check the facts.
Time too short	Two plans with fewer jobs or more time.

Pick a tool you know

Pros and cons: list what helps and what makes each choice hard.

Rank: put choices in order using one clear factor.

Scorecard: give points to each choice. Use the same things to judge both.

Check facts: look at labels, costs, how much we made or trial notes.

My issue is __. I used __. I chose __ because __.

An adult must check food and labels again if food or packs change. Do not guess that a food is safe for an allergy.
