

Practice picture plans

BUILD Humanities Summer 1 Week 3

Use the keys and labels. These places are invented. The plans show selected features and are not to scale.

Townside

Letter key

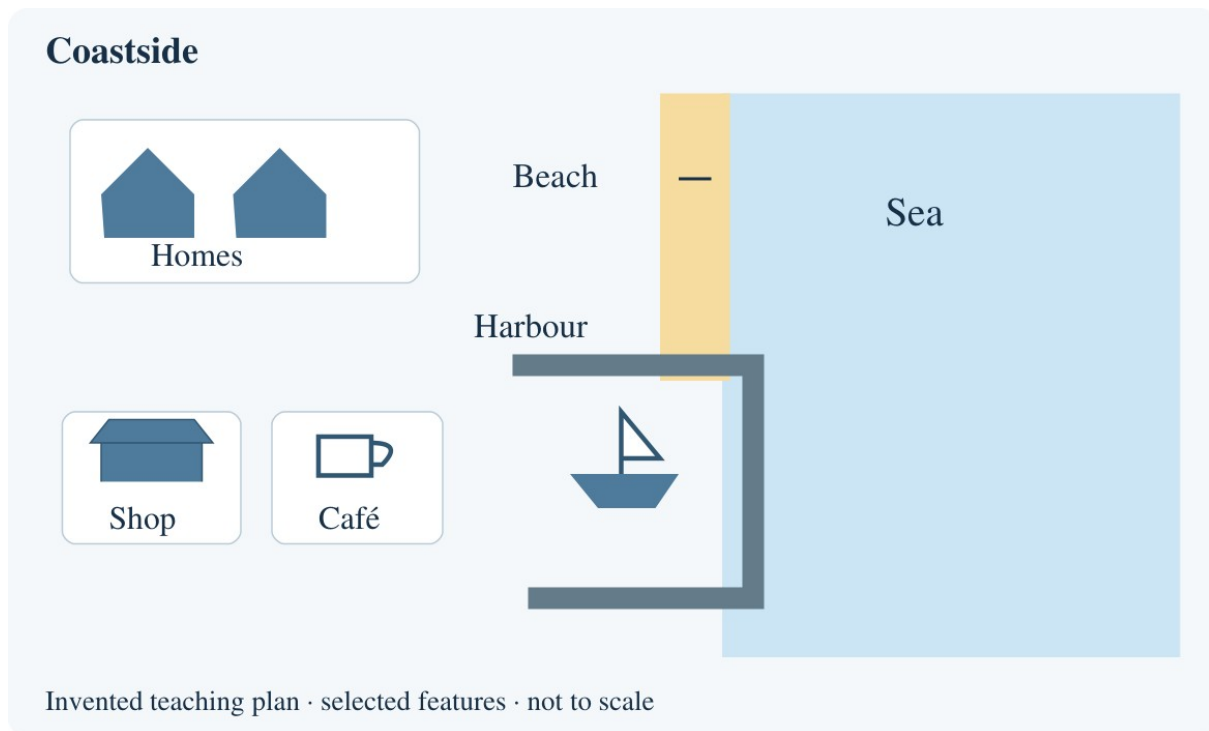

- S School
- L Library
- P Park
- B Bus stop
- X Crossing
- H Shop
- T Sports court
- C Clinic
- F Flats

Invented teaching plan

Keep this way up · not to scale

Coastside picture plan

Source B for comparison with Townside source A

Compare the same feature in both plans. A missing symbol means not shown; it does not prove a feature is absent from the whole place.

Arrival task

Supported | Comparing two places

Compare means looking at two places. First point to what each picture plan shows. No previous lesson is needed.

Use the practice plan sheet. Start with questions 1 and 2.

1 Point to a shop on Townside.

Help: Use H in the key.

My response

2 Point to a shop on Coastside.

Help: Find the shop picture and label.

My response

3 Show the plan with a beach.

Help: Look for sand beside the sea.

My response

4 Both plans show a shop. Is this the same or different?

Help: Choose same or different.

My response

Arrival task

Standard | Comparing two places

Compare means looking at two places. First point to what each picture plan shows. No previous lesson is needed.

Use the practice plan sheet. Start with questions 1 and 2.

1 Name one feature shown on Townside.

Help: Use the key.

My response

2 Name one feature shown on Coastside.

Help: Use the labels.

My response

3 Name one feature shown on both.

Help: Compare the shops or homes.

My response

4 Which plan shows a beach? What is your evidence?

Help: Point to the label and picture.

My response

Arrival task

Stretch | Comparing two places

Compare means looking at two places. First point to what each picture plan shows. No previous lesson is needed.

Use the practice plan sheet. Start with questions 1 and 2.

1 Give one similarity with evidence from both plans.

Help: Compare the same feature.

My response

2 Give one difference shown by the plans.

Help: Use a feature from each.

My response

3 Can the plans tell us which place is noisier?

Help: Look for noise measurements.

My response

4 Does no school symbol prove Coastside has no school?

Help: Think about what a plan leaves out.

My response

Shared activity

Partner roles and practice record

Use the practice picture plans. A partner can point, speak, draw or write.

1. Together, sort each evidence card: both plans, Townside only or Coastside only.
2. Build one comparison row: feature, Townside evidence, Coastside evidence.
3. Swap observer and recorder roles. Explain one difference with both sources.

Evidence card		Both / Townside / Coastside	
A shop is shown.			
A park is shown.			
A beach is shown.			
Homes are shown.			
A harbour is shown.			
Feature	Townside A		Coastside B
Open space			
Our choice			

Our difference with evidence

Independent task

Supported | Comparing two places

Compare my place with a contrasting place.

Use the checked local and contrasting source sets.

- 1. Choose one feature on the local source set with your teacher.
- 2. Point to or draw what each place shows in the two columns.
- 3. Say one difference using both sources.

Help: Adult reads the labels. Use: My place shows _____. The other place shows _____.

Feature	My place	Contrasting place

My comparison and why it could matter

Further challenge: Try a second comparison with less prompting.

Independent task

Standard | Comparing two places

Compare my place with a contrasting place.

Use the checked local and contrasting source sets.

- 1. Use the local and contrasting source sets.
- 2. Complete two rows of the comparison grid.
- 3. Explain one important difference using evidence from both places.

Help: Use: In source ____ I can see _____. In source ____ I can see _____. This matters because _____.

Feature	My place	Contrasting place

My comparison and why it could matter

Further challenge: Add one similarity, or state something the sources cannot tell you.

Independent task

Stretch | Comparing two places

Compare my place with a contrasting place.

Use the checked local and contrasting source sets.

- 1. Choose three features to compare in the two source sets.
- 2. Record accurate observations from both.
- 3. Explain which contrast could matter most for one activity.
- 4. State one limit of the evidence.

Help: Choose an activity such as playing outdoors or reaching a shop. Say “could” when making an inference.

Feature	My place	Contrasting place

My comparison and why it could matter

Further challenge: Suggest a photo, map or observation that would help check your explanation.

Exit tickets

Use only your chosen route

Give your own response using the checked local sources. Your usual reading or communication support can stay.

Supported

1. Point to one feature in each place's source set. Use your own observations.

2. Say one difference between the places. My place shows _____. The other shows _____.

Standard

1. Give one comparison of your place and the contrasting place. Name the same feature or type of feature in both.

2. What evidence supports your comparison? Point to or name both source labels.

Stretch

1. Explain one important contrast using both sources. Say why it could matter for an activity.

2. What can these sources not tell you? Suggest one way to check.

Local evidence sheet

Teacher completes before the lesson

Attach two labelled photo/map sets: our place and a contrasting place. Choose sets with at least one clear, meaningful difference.

Our place name and source labels

Contrasting place name and source labels

Source dates and credits

Features to compare

What these sources leave out

Attach or paste the plan/source sets on an extra page if needed. Check the key, labels and source limits. Do not use personal home addresses. Keep staff answers on the teacher sheet.
