

Our locality study and evidence

Knowledge organiser | GROW Humanities

Complete a fieldwork and locality study and bank UAS evidence.

Words to use

Word	Meaning
conclusion	An answer supported by the enquiry evidence
accuracy	How closely a record matches the evidence
comparison	A review of similarities and differences
support	Help used while completing a task

Method to remember

Assemble question, method, mapped observations and comparison.

Check labels, totals, units and source references.

Give your own conclusion using data and one limit.

Select dated evidence and record all support or an adult note.

My explanation

My enquiry was _____. My checked data show _____. I conclude _____. A limit is _____. Support used: _____.

Remember

Keep the conclusion your own. An adult can faithfully record it with the date, support and prompts. The centre checks UAS suitability; no unit code is assigned here.
