Sequence and evidence guide

Year A | Autumn 2 · Week 1 | 3 November 2026

Year A. GROW ICT Autumn 2. One 40-minute lesson per week continuing the Autumn 1 maze sequence for the unit award. Public edition uses generic wording and fictional project cards.

Week commencing	Focus
2 November 2026 (taught 3 November)	Add and reset two score variables
9 November 2026	Update scores from two game events
16 November 2026	Stop a pickup counting more than once
23 November 2026	Test and repair the scoring system
30 November 2026	Add purposeful sound and visual feedback
7 December 2026	Test how feedback helps the player
14 December 2026	Refine, retest and review the finished game

Term theme and careers

Identity & Belonging. Software testers check that counters and displays reset cleanly before a new user starts.

Week 1 evidence

Keep the individual maze file and evidence slip in the approved area. Record the actual support. Check two named score variables, two set-to-zero blocks under the start event, clear stage readouts and the reopened file. Paper planning alone does not complete the digital checks.

Using the pack

Extract the edition. Open the HTML beside its assets folder or use the 14-slide editable deck. Print the chosen route, fictional project card and evidence slip. The editable pack contains eight pupil pages. The teacher plan provides timings and the reset test.
