Words for reporting and help

Use these words with the invented stories. No real concern or account is needed.

Concern

Something that may affect safety or wellbeing. A person can ask for help even if unsure.

Report

Tell someone about a concern so they can help with a safe next step.

Trusted adult

An adult a person feels safe asking for help. They may need to share a concern with people who can help.

Report tool

A tool that flags a concern about a post or account. An adult can help use it. It may not solve the concern.

Private

Away from the group. It does not mean a promise to keep a concern secret.

Check back

Ask about the next step or return if more help is needed.

A private opener

Can we talk in private? I would like help.
If one adult is busy or help is not enough, ask another trusted adult.

A model

A learner can stop replying, tell trusted school staff and ask for help with report tools. They can ask what comes next. They do not need proof before asking.

Your usual route

Point, use an aid, type or ask for an exact scribe. The adult reads back quietly so you can correct it. You may pass or use the agreed supported pause.
