Standard safety pack

Health & safety at work.

Same invented paper-pack business. Choose scene B spill or C stack from Support Cards. Use your book or usual aid. Pictures only.

Your task

Choose B or C. Explain the hazard and possible harm, select one suitable control and who arranges it, then rehearse a clear report. Link a sign type to its meaning. Complete your own short risk-and-control card.

Explain the link

Identify cause and possible harm in B/C. Give one control that fits and say who should arrange it. Distinguish keeping clear now from dealing with the cause. Explain what needs checking before work resumes.

Signs and report

Use the four-type sign card. Match a shape to a message and explain the action. Rehearse your short report with an adult or willing partner. Include what, where and possible harm; do not invent that the hazard has been fixed.

Access

Usual reading/communication aid, typing or exact scribe. An adult can partner. Ask for private help, pass, pause and return. No personal incident story.

Standard risk and control card

In your book or Type instead, keep one short individual card.

Field	Question to answer
Hazard and place	What could cause harm, and where in B/C?
Who and how	Who could be harmed and what could happen?
Control and role	What reduces risk and who arranges it?
Report	Who will I tell and what will I say?
While waiting	How will I keep clear and seek help?
Check or unknown	What must be checked or is still unknown?

Report frame
“There is ... at ... . Someone could ... . I am keeping clear. Please arrange ... .” Use voice, aid, writing or a selected message. No report is sent to a real workplace.

Feedback and next step
Show the card privately. Keep first try, one NS and your reply. Add help and when to try/check the step. Never claim a real hazard was controlled from this picture task.

Private help
Trusted adult or school help route. Point to HELP, pass or pause if needed.
