# Work experience reflection

Use this sheet unchanged after a simulation or a school-arranged placement. Use your actual activity, date and role. No employer, person or place names. Book, usual aid or Type instead.

### What happened

Record mode: simulation, real placement or pending. Keep your task, role, actual progress and what you handed over. Say what was unfinished or not tried. Do not fill in experience that has not happened.

### Short reflection

What went well? Give one example. What was hard, not tried or still unclear? What help or next step would be useful? Nothing hard today is a valid response. Keep private details out.

### Five expectations from Week 1

| Expectation | Review with your evidence |
|---|---|
| Readiness and reliability | I checked the task and materials or asked for help to get ready. |
| Respectful communication | I listened or read and used a clear question or reply. |
| Instructions and quality | I checked a step or finished work against the instruction. |
| Safety and help | I kept the area clear or asked before doing an unclear task. |
| Teamwork and responsibility | I agreed a role, shared a useful update or reported a mistake. |

For each: I did this; I did this with a prompt; I need another try; Not seen today. A normal aid is access. Note prompts that supplied thinking. No total score.
