Purpose and success checks

Who can help me feel heard and safe?

I can name signs of a trusted adult. I can map a first adult and a backup. I can show how to reach help.

GROW-PSHE-W3-E1: A learner-owned network map using roles, with a first adult, backup, access route and reason; record whether it is personal or fictional practice.

Before pupils arrive

Print the Evidence Sheet, role/action cards and vocabulary. Before teaching, identify an available staff member and a private help route. Provide blank paper, pens and a calm space. No pupil contact list or online account is needed.

Offer processing time, a quiet start and the usual communication support. Capture each learner’s own work. Read the Staff Answers before teaching.

Calendar and continuity

Monday 16–Friday 20 November 2026. One lesson per week on this line. No day or clock slot is inferred; staff enter the actual date above. Use prior vocabulary and the established private-help routine.

Forty minute sequence

Slide	Min	Action
1	0	Open title and big question before timing.
2	4	Private check-in, quiet start and support choice.
3	2	Read the diagram; hear one clue or question.
4	0	Read the exact objective and success checks.
5	5	Model the six lines; explain the reason for each.
6	5	Ask for a hinge answer and reason; reteach if needed.
7	12	Use the six cards and the Supported/Independent/Aspire routes.
8	6	Complete the individual two-page evidence record.
9	4	Check ownership, support, response and next step.
10	2	Take a short quiet exit response.
11	0	Use the vocabulary mat throughout.
12	0	Hidden reference for adults.

Hinge and reteach

B. A backup adult gives another route to help. A leaves Sam without support; C shares private information with unknown people. Ask how Sam could reach the backup. Reteach using a school adult who is busy, then a different available staff member.

Access and practice

Supported: choose two adult roles. Independent: map roles and how to reach them. Aspire: explain a backup for a closed setting.

Model Sam’s map, sort A–F, then invite a role-only personal map or fictional practice. Complete the first adult, backup and access-route fields. Staff discreetly help anyone with no safe route rather than requiring a public explanation.

Begin evidence during practice and finish during capture. Accept speech, pointing, drawing, writing or usual AAC. Scribe exact words without supplying the assessed reason. No forced pair work or public performance.

Safe teaching evidence and learner voice

Boundaries

Use Sam or role labels. Do not display or collect addresses, phone numbers, family histories or personal network names in a public pack. Offer a private alternative and a pass. If a concern is shared, listen without investigating, follow local safeguarding procedures and keep that record separate from learning evidence.

Assessment and feedback

Accept accessible adult roles and a workable way to reach them, with a reason based on listening, boundaries and helpful action. A role alone does not guarantee trust. A fictional map shows the mapping skill; do not label it a confirmed personal network. Staff check a real help route privately without demanding names or personal histories.

Retain actual work, response mode and support. Use VF · WS · I · NS+ · // (self-edit) · ? (read back) · R (responded) · E (evidence in the school's evidence record). R requires Voice, Audience, an NS+ prompt and the learner’s response in the same colour, on the same page or usual mode. Record E only after evidence is banked. Blank forms and adult models are not completed learner evidence.

Lundy moments

Space: calm, accessible participation. Voice: a choice, reason or help request. Audience: the adult listens or reads and replies. Influence: record the support or next-step change made in response.

Speaking listening and writing

Explain a trusted action, listen to another option and ask for a private conversation. The receiving teacher maps authentic responses to their own portfolio; no communication criteria are assigned here.
