Talking about a caring record

White standard edition

Record a 'caring' response.

If it was a plan

I planned to ____.
It could help ____.
I felt ____ about my plan.

If you did it

I ____.
It helped, or may have helped, ____.
I felt ____.

Feelings may stay private

calm / pleased / unsure / mixed / not sure / keep private

A feeling may be mixed or not sure. You may say I would rather not say. The other person’s feeling is not ours to guess.

Use one record route. A drawing with an explanation, allowed photo-caption or scribed sentence can show the same outcome. No home proof is needed.
