Starter recall and comparison

1. In Week 4, what helped a viewer give a good tip on our art?

Naming one clear part that worked and one part to change.

2. What helps us start as a group: A (use one start cue) or B (each person starts alone)?

A. One start cue helps each person do their part in time.

We do decision checkpoint

Which tip tells us what to change?

A · Put the stop sign where we can see it.

B · Make it better.

A. It names the exact cue to move so the group can test it.

If pupils choose A and point to the stop cue, release the short book plan. If they choose B, model moving the stop sign once and use the parallel check.

You want the group to start on time. Do you hide the start cue or put it in view?

Put the start cue in view so all can see it.

Staff feedback

At check-out, record E for planning and testing a group share against the pupil's target.

Regulation: check the colour-and-word card at Arrival and after You do.

Optional: show or tell an adult what you changed after feedback. You may use your usual response mode or pass.

Mark R only after the pupil has responded to the next step and an adult has received and reflected the response.

Adult ticks the improved work.
