Teacher and Cover Plan

I can finish, look back at and share our group piece using listener feedback.

At check-out, record E for finishing, looking back at and sharing a group piece using feedback against the pupil's target.

Regulation: check the colour-and-word card at Arrival and after You do.

Guide the same cues, display the artwork privately or track the group sequence. Your role has the same value. You may pass.

Use a clear space, layered artwork and the agreed start and stop cues. Keep sound low and leave space to pass.

Practice evidence only. No completion decision, encounter, public event or completed response is pre-filled.

Invite a response. Allow thinking time. The pupil may pass.

I do staff script

Ask the question

Watch the model: use the Lesson 1 plan to set up roles and cues.

Bring back the Lesson 1 book plans. Model setting up the start, artwork and stop cues in sequence.

Find the evidence

Show the piece together and keep the stop cue in clear view.

Run the complete sequence once while a listener watches and records one clear moment and one next step.

Explain the link

Ask the listener what was clear and where they needed a stronger cue.

Model gathering one specific comment from the listener and choosing one detail to refine.

Check what we know

Refine that detail, repeat the section, and evaluate the effect.

Adjust the cue or artwork placement, repeat the section, and ask the listener to confirm what changed.

We do staff script

Use the Lesson 1 plans to set up roles and cues as a group.

Share the four-step sequence together while keeping the stop cue in view.

Ask the listener what was clear and where they wanted a stronger cue.

Refine one detail, repeat that part, and check the improvement.

Bring the Lesson 1 plans back into view and let pupils organise the cues.

Run a shared pass of the piece, then model receiving one specific listener comment.

Support pupils to make one visible refinement and re-check the transition together.

We do decision checkpoint

During the share, the transition to the artwork felt rushed. What refinement helps most?

A · Pause on the artwork cue so the listener can see the piece clearly.

B · Skip the stop cue at the end.

A. Pausing on the artwork cue gives the audience time to take in the visual work.

If pupils choose A and demonstrate a clear pause on the cue, release the main finish, look back and share task. If they choose B, model the transition again and use the parallel check.

If two roles overlap and hide the cue card, what one adjustment restores clarity?

Step back or angle the cue card so every member and listener can see it.

Review and improve

Look back at your first share and the listener’s response.

Refine one cue, pause or artwork position.

Repeat that section and check with the listener whether the change helped.

Optional: show or tell an adult what you changed after feedback. You may use your usual response mode or pass.

Mark R only after the pupil has responded to the next step and an adult has received and reflected the response.

Adult ticks the improved work.

Pupil voice

What helped you most today, or what would you change next time?

Point, speak, sign, draw, write or choose. You may pass.

Next week · Plan and rehearse a skill share

Staff print card

At check-out, record E for finishing, looking back at and sharing a group piece using feedback against the pupil's target.

Regulation: check the colour-and-word card at Arrival and after You do.

VF · WS · I · NS + … · E · R · // · ?

Soft instrumental music for transitions if the class plan says so. Sound off by default.

Planning and evaluation

For absence or access, use the first worked card in I do or We do. If behind, keep one model cue, the checkpoint and one book response.

Cognition and learning

Keep a model and a two-choice start in view. Fade one cue when the pupil shows the next step.

Communication and interaction

Allow thinking time. Use a visual choice and a brief stem. Accept all listed modes or a pass.

SEMH

Offer a calm start and a private response. Keep quiet sharing equal in value.

Sensory and physical

Guide the same cues, display the artwork privately or track the group sequence. Your role has the same value. You may pass.

EAL

Plan in any language. Show the term with a picture and action.

Staff evaluation

Record one actual response, a useful adaptation and the next teaching action.

Individual target opportunities

Use the current target in private. Record the actual response and support.

Adult deployment and responsive feedback

Point to the place or instruction. Ask one short question. Rephrase the instruction. Give a scaffold or a choice. Model the first step only, then return the task.

First lesson back and return to learning

Read once only. Welcome pupils and check the last work in private. Offer the first model cue, then rejoin the chosen route.

Topic guidance

Focus on finishing, looking back at and sharing the group piece using listener feedback. Keep quiet or private sharing equal in value.
