Teacher and cover plan — Making the piece: one symbol, one skill

Pathway: BASE · Week 2 Part 1 · Big question: How can we make one big, bold sign on heavy card?

Learning goals and studio kit

• Pick your best shape. Best tool from Week 1.

• Draw your shape big so it fills the middle of the card.

• Add dark. Light tone so the shape stands out.

Studio kit: A4 heavy cartridge card, Week 1 grid sheet, soft pencils, oil pastels, ink wash, thick brushes

Arrival and starter

Arrival: Look back at your Week 1 test grid. Which mark will you use today?

Starter question: Which card is easier for the class to see from across the room?

Teacher model (I do)

Step 1: Map the big size: I place four light dots near the edges of my card so my shape grows big.

Step 2: Draw the main outline: I join the guide dots to draw my sign right in the middle.

Step 3: Add two tones inside: I press hard on the left edge for dark tone. Keep the right side bright.

Practice routes (Supported / Independent / Aspire)

Supported: One large centred sign filled with dark. Light marks.

Independent: Large freehand sign with clear tonal dark. Light and crisp edge.

Aspire: Centred sign with layered marks, back space wash,. Border.

TA and cover notes

TA focus: Provide A4-sized card cut shapes for pupils on the Supported route and model placing four guide dots.

Staff prep: Staff preparation only: review a short clip on scaling up a thumbnail sign to an A4 card using four guide dots.
