

Week 1 Get a result

Step by step • GROW computing • 40 minutes

Name: _____ Date: _____

Run code. Change one value. Test, save and reopen.

Point, say, draw or write. Someone may record your exact words.

Arrival → Starter → I Do → We Do

I Do 2 → We Do 2 · Task → Independent Task → Exit

Arrival 0–3 min

Open Scratch.

Load W01_Start.sb3.

Starter 3–6 min

Both start at 0. Both face right.

A	B
move 40 steps	move 100 steps

Which goes further? A / B / Same

I Do 6–11 min

Watch the teacher. Point to the block that moves Courier.

We Do 11–18 min

1. Make your prediction.
2. Ask a partner or adult to check your idea.
3. Test it together.
4. Point to what explains the result.

Move value	I expect x	I see x
40		
100		

Run 100 twice with the start block.

Finish at: 100 / 200

My coding task

Step by step • W01_Start.sb3

I Do 2 18-21 min

Watch how to save and load the file.

We Do 2 • Task 21-25 min

The delivery marker is at 120.

Start at 0. Choose a move value.

Tell someone why. Test it together.

Independent Task 25-35 min

- ☐ Keep go to x 0 y 0.
- ☐ Keep direction 90.
- ☐ Change the move value to reach 120.
- ☐ Choose your own short message.
- ☐ Run the green flag twice.

Message: Ready / Made it / My own: _____

Run	Finish x
First	
Second	

Ask for the next step when you need it.
You can change route during the lesson.

Save and have your say

One step at a time

Exit 35–40 min

- ☐ Choose File.
- ☐ Choose Save to your computer.
- ☐ Use the name W01_MyCode.sb3.
- ☐ Find it in your school computing folder.
- ☐ Choose File, then Load from your computer.
- ☐ Open the file you just saved.
- ☐ Run it. Check that your change is still there.

If it downloads to Downloads, ask for help to put it in your school folder.

I changed _____ and it made _____.

What I said and what it changed

My choice: my message / testing help / another idea

I asked for or chose

Teacher response: use it / change it with me / try it later

What changed or the reason for waiting

You can say this to an adult. They can write your words.

Help for the next step

Keep this page beside your device

Block	Job
when green flag clicked	Starts this script.
go to x 0 y 0	Returns to the centre.
point in direction 90	Faces right.
move 40 steps	Moves 40 steps.
say Arrived for 2 seconds	Shows a message.

Number track

Use a token. Start at 0. Face right.

0	20	40	60	80	100	120	140	160

Show 40. Reset to 0. Show 100.
Now show a move from 0 to 120.

Point to ask for help

My signal	What I need
NOW	Show me the current step.
NEXT	Show me the next step.
HELP	Give me a clue.
CHECK	Watch me test it.
PAUSE	Let me pause and return.

Paper practice helps you plan. Complete the code and the save in Scratch too.
