

Week 5 Make a rule work

Challenge · GROW computing · 40 minutes

Name: _____ Date: _____

I can make Player return to the start when it touches Maze.

Point, say, draw or write. Someone may record your exact words.

Arrival > Starter > I Do > We Do

I Do 2 > We Do 2 · Task > Independent Task > Exit

Shared lesson 0 to 25 minutes

Open your own W04_Controls.sb3.

Join the Starter, I Do and We Do tasks with the class. Predict before each shared test.

GROW stage	What I will check
Starter	The script checks only at the green flag.
I Do	Keep checking while the game runs.
We Do	Predict the result in clear space.
I Do 2	Put if then inside forever.
We Do 2 · Task	Point to the condition.

The common task comes first

During Independent Task, complete these core actions before the challenge:

- ☐ Open your controls file. Select Player.
- ☐ Check that your start is clear of Maze.
- ☐ Build a new green-flag script with a forever block.
- ☐ Put if then inside forever. Put touching Maze? in the condition.
- ☐ Put go to your start inside if then.
- ☐ Test no contact, one wall and a second wall. Retest after a change.

A further coding investigation

Independent Task 25 to 35 minutes · Use remaining task time

1. Complete the wall rule first.
2. In a spare copy, put the reset position inside a wall. Predict the fault.
3. Test it. Choose a clear start with space around Player.
4. Repair the start, then retest a corner and an ordinary wall.

What I changed	My prediction	What happened

My reason or repair

My idea and its effect

Is the return point clear and comfortable to use? Suggest a fair response or a clearer way to show it.

What I said

What the adult said back and what changed

What I said, and what it changed. You can say this privately or have your words written for you.

Exit 35 to 40 minutes

- ☐ Save as W05_Walls.sb3.
- ☐ Load the saved file.
- ☐ Run the check or select the three sprites.

File > Save to your computer. Then File > Load from your computer. Keep the .sb3 file in your school folder.
