

Week 5 Make a rule work

Step by step · GROW computing · 40 minutes

Name: _____ Date: _____

I can make Player return to the start when it touches Maze.

Point, say, draw or write. Someone may record your exact words.

Arrival > Starter > I Do > We Do

I Do 2 > We Do 2 · Task > Independent Task > Exit

Arrival 0 to 3 minutes

Open your own W04_Controls.sb3.

Starter 3 to 6 minutes

The script checks only at the green flag. Player touches a wall later.

My prediction

I Do 6 to 11 minutes

Watch the model. Point to the sprite or block that matters.

We Do 11 to 18 minutes

Predict. Ask a partner or adult to check your idea. Test together. Explain what changed.

Shared test	We expect	We see
Move through clear space	No return to start	
Touch one wall	Return to the safe start	
Touch another wall	Return to the safe start	

I Do 2 18 to 21 minutes

Put if then inside forever. Put touching Maze? in its question space.

We Do 2 · Task 21 to 25 minutes

Show your next action. Choose a task route with your teacher.

Point to the condition. Point to the action that follows contact.

My coding task

Step by step · Independent Task 25 to 35 minutes

- ☐ Select Player. Keep your four key scripts.
- ☐ Find when green flag clicked in Events.
- ☐ Join forever from Control underneath it.
- ☐ Put if then inside forever.
- ☐ Put touching [Maze]? from Sensing into the condition.
- ☐ Put go to x [start x] y [start y] inside if then.
- ☐ Run the flag. Touch a wall. Check the return.
- ☐ Test a second wall and a clear space.

My safe start: x _____ y _____

One test I ran	Expected result	Actual result

Exit 35 to 40 minutes

- ☐ Save as W05_Walls.sb3.
- ☐ Load the saved file.
- ☐ Run the check or select the three sprites.

File > Save to your computer. Then File > Load from your computer. Keep the .sb3 file in your school folder.

Help for the next step

Step by step reference · Keep beside your device

Find this	Use it like this
Events	when green flag clicked
Control	forever contains the if then block
Sensing	touching [Maze]? fits in the if condition
Motion	go to x [start x] y [start y] fits inside if then
Keep	The four key scripts and the original start script remain on Player.

Away from Maze

Touching Maze

Point to the picture where the condition is true. Point to the action that should run.

My help signals

NOW	NEXT	HELP
Show one action.	Show the next block.	Read or model it.
PAUSE: I need a break.	RETURN: same action.	CHECK: watch my test.

Paper rehearsal prepares the idea. Complete the code, tests and save on a device.

My voice

Tell someone your idea. Ask what changed.
“What I said, and what it changed”

My idea and the reply
