

Week 6 Finish and restart

Challenge · GROW computing · 40 minutes

Name: _____ Date: _____

I can create a win response and start a fresh game.

Point, say, draw or write. Someone may record your exact words.

Arrival > Starter > I Do > We Do

I Do 2 > We Do 2 · Task > Independent Task > Exit

Shared lesson 0 to 25 minutes

Open your own W05_Walls.sb3.

Join the Starter, I Do and We Do tasks with the class. Predict before each shared test.

GROW stage	What I will check
Starter	Player reaches Finish.
I Do	Wait until Player touches Finish.
We Do	Predict away from Finish and at Finish.
I Do 2	First clear the old message.
We Do 2 · Task	Win once. Click the green flag.

The common task comes first

During Independent Task, complete these core actions before the challenge:

- ☐ Select Player. Keep the controls and wall rule.
- ☐ Build a new green-flag script. Add say [blank], then go to your safe start.
- ☐ Add wait until from Control. Put touching Finish? in its condition.
- ☐ Join say [your win message] below wait until.
- ☐ Test reaching Finish. Check that the message appears once.
- ☐ Press the green flag. Check the message clears, then test a wall and another win.

A further coding investigation

Independent Task 25 to 35 minutes · Use remaining task time

1. Complete a win and restart first.
2. Use the shared bug model. It keeps repeating its win messages.
3. Explain why wait until followed by say gives one response per run.
4. Repair the spare example. Retest win, restart and one wall.

What I changed	My prediction	What happened

My reason or repair

My idea and its effect

Choose a short win message or a quiet visual signal. Test whether it is clear and comfortable.

What I said

What the adult said back and what changed

What I said, and what it changed. You can say this privately or have your words written for you.

Exit 35 to 40 minutes

- ☐ Save as W06_Win.sb3.
- ☐ Load the saved file.
- ☐ Run the check or select the three sprites.

File > Save to your computer. Then File > Load from your computer. Keep the .sb3 file in your school folder.
