Weekly plan row

Thursday 7 January 2027 · P4 · 40 minutes · Year A

RSE · LAUNCH · pair aged 14–16 · Spring 1 Week 1 · 4–8 January

Theme Resilience & Change. Formative. Six-week term; Week 6 assessing.

Exact outcome

Wellbeing, resilience & mental health.

Learning and evidence

Explain wellbeing, mental health and resilience through an invented third-person learner. Use five private wheel prompts and choose ONE realistic change per learner, or a fictional alternative. All three separate tier packs retain the same outcome, five areas and learning self-check. Record fictional understanding, reason, support/barrier and NS/reply only. Personal wheel/plan remains private and uncollected.

Forty minutes

0–11	Arrival 4 min; starter 2 min; model/check 5 min.
11–28	Hinge 5 min and practice 12 min, with resets included.
28–40	Evidence 6 min; review 4 min; exit 2 min. Reset included.

Access and safe support

Usual aids, visible model, glossary and exact scribe/readback stay. Pair talk optional; fictional, blank/pass route valid. Pre-agree discreet supervised step-out and supported return. No personal sleep, health, family or mood details. The wheel is not a health score or diagnosis. A small step may help; support can still be needed. Any disclosure goes to safeguarding lead through school procedure; no probing or secrecy promise.

Where this leads

This helps me plan a manageable next step, adapt to change and ask for support in learning or future work.
