Words for wellbeing and resilience

Use these words with the invented learner. Ask for a word to be read or plan in any language first.

Word	Meaning
Wellbeing	How a person is doing in everyday life, with support and things that matter.
Mental health	Part of everyone’s health, linked to thoughts, feelings and coping or getting help.
Resilience	Adapting after change or a setback, with support when needed.
Sleep	Rest and routines that support it.
Movement	Safe, accessible ways to move that fit the person.
People	Safe connection and support.
Purpose	Something that feels worthwhile, such as an interest or useful task.
Downtime	Time for rest or enjoyment without a performance demand.
Barrier	Something that makes a step harder to try.
Realistic change	One small step that can fit choices, access and resources, with support if needed.

A sentence frame

The learner could try ___ at ___ because ___. If ___ gets in the way, they could ___.

Help and privacy

Use fictional examples in class. Personal wheel and plan stay private. Use your agreed pause signal or ask trusted school staff for help.
