Learning outcome: Explain causes and consequences of a protest movement.

1 Keep the same sort, diagram and paragraph. Defend a choice where a card can play more than one part, such as travel and support (E).

2 Explain how an effect during the boycott could also help sustain it. Distinguish a reason for protest from a means of organising it.

3 Weigh the roles of protest and legal action. Explain one longer-term influence without claiming it caused every later civil-rights change.

Your own finish

In your book, complete your own diagram: two long-term causes, the trigger, two short-term consequences (including B) and one long-term consequence. Keep card codes. Add the legal case beside the change in bus law. Write a short paragraph that explains a cause and two consequences with clear links. State one limit to the change.

Paragraph frame

One long-term cause was ____ (card __). This mattered because ____. The trigger was ____ on ____. In the short term, ____ because ____. The legal case also ____. Later, ____. However, ____.
