

Teacher planning and alignment

Staff pages begin here. Print pupil routes selectively; keep answers separate.

Scheme of work

BUILD_A1_W04; My family my community and special people; SOW page 4

Exact outcome: Sort then and now photographs.

Teaching and application: Model a paired comparison; sort 2–4 images, identify one change and one similarity, then add a caption. Pair-match before writing.

Assessment evidence: F: sorted images and a change/similarity response.

Forty minute sequence

Time	Stage
0–4	Arrival route
4–7	Starter and visual enquiry
7–13	Explicit model and optional captioned film
13–20	Shared interactive activity
20–22	Method check
22–34	Independent application
34–37	Review and improve
37–40	Two exit questions

Access and assessment

Use one-step instructions, symbols and a model first. Offer talk, point, draw, type or write. Reduce the number of choices; extend by asking for a reason or a second example. Adults prompt the first response then fade support.

Routes are flexible. Check the learner can begin within two minutes. Use reading, typing, exact scribing or oral responses without lowering the Humanities thinking. Fade prompts. Record what was independent. For a summative outcome, rehearse on a practice example and keep the final response individual.

Teacher answers and scaffolding

Core and exit answers

No. Use the source and date labels.

Name a feature you can point to in both images.

Shared task feedback

Review the pupil's evidence against: F: sorted images and a change/similarity response. Open explanations are not automatically graded. Accept a different justified response that meets the outcome.

Arrival answers

Supported: 1. A: the rotary telephone. 2. No. Use the source and date labels. 3. The time we are in now 4. Name a feature you can point to in both images.

Standard: 1. A: the rotary telephone. 2. No. Use the source and date labels. 3. The time we are in now Accept a relevant example. 4. Name a feature you can point to in both images.

Stretch: 1. A: the rotary telephone. It cannot establish a real person's whole experience or belief. 2. No. Use the source and date labels. 3. The time we are in now Accept a supported connection. 4. Name a feature you can point to in both images.

Stage scaffolding

Starter, model and shared task: Choose one feature in each example and use the same feature to compare. Complete both sides before writing a similarity and a difference.

Further challenge: Consider viewpoint, source selection and variation within groups.

Review: check the exact required outcome before improving presentation. Retain first and revised responses when useful.

Sources and evidence record

UAS mapping before submission

The scheme provides no approved unit codes. The centre must select the exact unit and check every requirement. These resources prepare evidence; task completion does not establish an award.

Calendar and editing

Schedule Black History Month, remembrance, Human Rights Day, Holocaust Memorial Day and International Women's Day against the school calendar. The SOW sequence controls week numbering. Word text and tables are editable; HTML is the editable lesson source. Recheck layout and keep source details and answers aligned after changes.
