Staff pages begin here. Print pupil routes selectively; keep answers separate.

Scheme of work

GROW_A1_W03; Migration and identity in Britain; SOW page 15

Exact outcome: Explain a cause and consequence of migration.

Teaching and application: Sort cause/event/consequence cards; rehearse because/therefore explanations. Independently record an evidence-based chain.

Assessment evidence: F: accurate causal explanation and exit check.

Forty minute sequence

Time	Stage
0–4	Arrival route
4–7	Starter and visual enquiry
7–13	Explicit model and optional captioned film
13–20	Shared interactive activity
20–22	Method check
22–34	Independent application
34–37	Review and improve
37–40	Two exit questions

Access and assessment

Chunk sources and tasks; pre-teach vocabulary with images. Offer sentence stems, organisers, oral rehearsal and typing. Start with one modelled example; extend through a second source, comparison or supported judgement. Check the learner can begin within two minutes, then fade prompts.

Routes are flexible. Check the learner can begin within two minutes. Use reading, typing, exact scribing or oral responses without lowering the Humanities thinking. Fade prompts. Record what was independent. For a summative outcome, rehearse on a practice example and keep the final response individual.

Teacher answers and scaffolding

Core and exit answers

A records employment hopes; C records an order to leave.

No. D is a request for visits.

Shared task feedback

Employment hopes → Cause. A supplies this motive for some travellers.

Arrival in Britain → Event. This is the movement being explained.

Support visits requested → Response. D records a planned response to resettlement.

Arrival answers

Supported: 1. Moving to live in another place 2. A records employment hopes; C records an order to leave. 3. A reason something happened 4. No. D is a request for visits.

Standard: 1. Moving to live in another place 2. A records employment hopes; C records an order to leave. 3. A reason something happened Accept a relevant example. 4. No. D is a request for visits.

Stretch: 1. Moving to live in another place Accept an accurate contextual sentence. 2. A records employment hopes; C records an order to leave. 3. A reason something happened Accept a supported connection. 4. No. D is a request for visits.

Stage scaffolding

Starter, model and shared task: Use the labelled cause, event and response spaces. Rehearse one link. Connect the cards with because and therefore, using evidence.

Further challenge: Add an interacting factor or qualify an uncertain consequence.

Review: check the exact required outcome before improving presentation. Retain first and revised responses when useful.

UAS mapping before submission

The scheme provides no approved unit codes. The centre must select the exact unit and check every requirement. These resources prepare evidence; task completion does not establish an award.

Calendar and editing

Schedule Black History Month, remembrance, Human Rights Day, Holocaust Memorial Day and International Women's Day against the school calendar. The SOW sequence controls week numbering. Word text and tables are editable; HTML is the editable lesson source. Recheck layout and keep source details and answers aligned after changes.
