Source-based assessment / LAUNCH_A1_W07

Outcome: Complete a source based assessment.

Evidence to retain: S: half-term source assessment; retain evidence for relevant UAS criteria.

Forty minute route

Arrival 4 min; starter 3; model 6; shared task 7; check 2; independent 12; review 3; exit 3.

Pause time is flexible.

Preparation

Choose one independent route. Print the evidence and shared cards, required visual or data sheet, route worksheet and exit. The organiser is one separate A4 page. Keep answers with staff.

Authored paraphrases of real records. Reasons and experiences differed. Migration is not new to Britain; these cases are selected examples.

Access and regulation

Pre-teach terminology and model evidence use. Chunk sources and data; provide an initial frame, then reduce it. Maintain normal access arrangements. Extend by weighing limitations, alternative explanations and evidence quality. Adults support access and evidence selection without supplying answers.

Offer a predictable start, private response and agreed pause. No cold calling or forced personal disclosure. Rejoin at one clearly named next step. Keep teen-appropriate examples and the same learning goal across response modes.

Use sensitive content warnings where relevant. Do not ask for family details or personal experiences.

Assessment

Use a different example for shared practice. During independent assessment, keep the agreed reader, scribe, glossary or response mode, but withdraw answer models and record prompts separately.

UAS: no approved unit code is supplied. Match the learner's evidence to the centre-selected unit and exact criteria before submission. This pack makes no automatic award claim.

Model and answers

Read these pages before teaching. Hide the model during independent assessment.

Question: Test usefulness with a practice question about plans.

Evidence: B 1947 to 1948 report: Eric Walrond reported varied experiences: work for some men, but unemployment also described in the north-west. C 8 August 1972 Cabinet record: British ministers discussed Idi Amin's order that Asian British-passport holders leave Uganda within three months.

Think aloud: A request can show what someone intended. It cannot establish that the plan happened. I apply this reasoning independently to the assessment sources.

Check: What evidence must be retained? Individual source annotations, selected evidence and supported judgements, with access support recorded.

Arrival answers

1. It shows how the detail supports the claim or answers the question.
2. Moving to live in another place
3. No. Usefulness depends on the question.
4. Individual source annotations, selected evidence and supported judgements, with access support recorded.

Shared activity reasoning

Exit responses

Does a limitation make a source useless for every question? No. Usefulness depends on the question.

What evidence must be retained? Individual source annotations, selected evidence and supported judgements, with access support recorded.

Teaching and evidence record

Supplied scheme of work teaching sequence: Independently interrogate sources, select evidence and make supported judgements against unit criteria.

Look for

S: half-term source assessment; retain evidence for relevant UAS criteria.

Accept accurate equivalents, including speech or exact scribing. Check the concept and use of evidence rather than length or handwriting. Record access support separately from content prompting.

BUILD: a concrete example with a reason or demonstrated action. GROW: explain or compare with a relevant detail. LAUNCH: connect evidence and reasoning; use a limitation when the outcome requires it. Keep RE responses non-GCSE.

Media

Original captioned teaching model made for this pack. It demonstrates the supplied reasoning; it is not historical footage, survivor testimony or a documentary. The full transcript and factual source credits are included.

Use manual steps for a calm pace. The silent MP4 has visible captions and a matching text transcript. External archive media is optional and should be previewed before class.
