

Connections across the world

Learning goal: Describe how communities are connected across the world.

Words to use

Word	Meaning
continent	A large land region
ocean	A large body of salt water
location	Where something is
connection	A link between places or people

Remember

Can communities connect without people travelling? Yes, through messages or shared online activity.

Does one example describe everyone in either place? No.

How to show your learning

Create a connection map for the fictional partner groups.

___ connects with ___ through ___. The account shows ___.

Evidence matters

Fictional cases are teaching examples. Historical, geographical and religious claims use the named sources. A model video demonstrates a method.

You can respond by speaking, pointing, drawing, typing or writing. A fictional personal example is welcome.
