

Arrival choices

Previous lesson reminder:

Start with 1 and 2. Try 3 and 4 when ready. Reading and exact scribing are available.

1 What is the park's four-figure reference on the practice grid?

Support: Use the reminder strip or talk it through with an adult.

My response

2 Which meaning fits continent?

Support: Choose: A large land region OR A large body of salt water.

My response

3 Can communities connect without people travelling?

Support: Use the model evidence anchor C or read one relevant card together.

My response

4 Does one example describe everyone in either place?

Support: Give a reason when ready.

My response

Stretch: use a precise example or explain which detail supports your answer.

Evidence cards

Read, point or listen. Keep the source label with any detail you use.

A United Kingdom

The UK lies in Europe, beside the Atlantic Ocean. Teesside is in north-east England. A map can show different scales, from a neighbourhood to the world.

Source: Natural Earth world map and labelled place coordinates

Limit: This small-scale map cannot show a safe street route.

B India and Japan

India and Japan are in Asia. India borders the Indian Ocean; Japan is an island country beside the Pacific Ocean.

Source: Natural Earth world map

Limit: A country is not a single culture or belief.

C A community link

Fictional case: a Middlesbrough community group shares festival greetings with a partner group in Mumbai. The link can involve people and communication without a physical journey.

Source: Authored classroom case

Limit: This example does not describe every person or place.

D Celebrations across places

Diwali and Hanukkah are observed by communities in different countries. Locate examples using the map; a festival is not confined to one country.

Source: Hindu American Foundation and Chabad accounts

Limit: Do not assign a religion to everyone living in a country.

Visual resource

Use this visual with the evidence cards and enquiry questions.

Source: Natural Earth public-domain outlines, labels simplified. Terms of use:
<https://www.naturalearthdata.com/about/terms-of-use/> (recorded in Sources and checks).

A detail I noticed and what it helps me explain

Shared investigation

1. Build a connection from Middlesbrough to Mumbai.
2. Distinguish movement of people, goods and messages.

Work with a partner or adult, or use your own table. One person suggests; the other checks the evidence. Swap after one turn. Passing is allowed.

Move or match the cards

Cards to use
Mumbai group
Shared greetings
Middlesbrough group

Possible labels: Link / Place

Our explanation

Support: Read one evidence card together. Highlight a useful detail. Rehearse with: ____ connects with ____ through _____. The account shows _____.

Further challenge: Explain how a connection might continue without a journey.

Supported independent task

Complete this route only. Describe how communities are connected across the world.

1. Create a connection map for the fictional partner groups.
2. Label both places and explain one link using the account.
3. State that the example does not describe every community.

Support: Read one evidence card together. Highlight a useful detail. Rehearse with: ____ connects with ____ through _____. The account shows _____. Complete the organiser one space at a time. ____ connects with ____ through _____. The account shows _____.

Cause and supporting detail

Event or change

Consequence and supporting detail

How the links connect

An adult may read or scribe your exact response. They should not choose the answer.

Standard independent task

Complete this route only. Describe how communities are connected across the world.

1. Create a connection map for the fictional partner groups.
2. Label both places and explain one link using the account.
3. State that the example does not describe every community.

Support: ____ connects with ____ through _____. The account shows _____.

Cause and supporting detail

Event or change

Consequence and supporting detail

How the links connect

Check the required evidence and revise one detail.

Stretch independent task

Complete this route only. Describe how communities are connected across the world.

1. Create a connection map for the fictional partner groups.
2. Label both places and explain one link using the account.
3. State that the example does not describe every community.
4. Explain how a connection might continue without a journey.

Support: Choose the evidence independently. Use the frame only if it helps.

Cause and supporting detail

Event or change

Consequence and supporting detail

How the links connect

Explain how a connection might continue without a journey.

Exit ticket

Choose a response mode. You may give your answers privately to an adult.

Can communities connect without people travelling?

My response

Does one example describe everyone in either place?

My response

Support: ____ connects with ____ through _____. The account shows _____.

Further challenge: Explain how a connection might continue without a journey.
