

Writing up a fieldwork enquiry

Learning goal: Complete a fieldwork enquiry write up.

Words to use

Word	Meaning
settlement	A place where people live
urbanisation	Growth in the share of people living in urban places
land use	What land is used for
GIS	Mapping information in separate data layers

Remember

What should the conclusion refer to? The enquiry question and actual collected data.

Why include a limitation? It shows the boundaries of what the method and sample can establish.

How to show your learning

Assemble question, method, location map, actual data, graph and conclusion.

Our question was _____. The method _____. Data show _____. Therefore _____. A limitation is _____.

Evidence matters

Fictional cases are teaching examples. Historical, geographical and religious claims use the named sources. A model video demonstrates a method.

You can respond by speaking, pointing, drawing, typing or writing. A fictional personal example is welcome.
