

Teacher card

A timeline of a week / BUILD_S1_W01

Outcome: Sequence events in my own week.

Evidence to retain: F: correctly ordered sequence and recorded check.

Forty minute route

Arrival 4 min; starter 3; model 6; shared task 7; check 2; independent 12; review 3; exit 3.
Pause time is flexible.

Preparation

Choose one independent route. Print the evidence and shared cards, required visual or data sheet, route worksheet and exit. The organiser is one separate A4 page. Keep answers with staff.

Use date and source labels to establish order. Image colour is not proof of age. A fictional personal timeline is always allowed.

Access and regulation

Use one-step instructions, symbols and a model first. Offer talk, point, draw, type or write. Reduce the number of choices; extend by asking for a reason or a second example. Adults prompt the first response then fade support.

Offer a predictable start, private response and agreed pause. No cold calling or forced personal disclosure. Rejoin at one clearly named next step. Keep teen-appropriate examples and the same learning goal across response modes.

Use sensitive content warnings where relevant. Do not ask for family details or personal experiences.

Assessment

Use questioning and the exit response to decide the next step. Record the learner's individual contribution and the access support used.

UAS: no approved unit code is supplied. Match the learner's evidence to the centre-selected unit and exact criteria before submission. This pack makes no automatic award claim.

Model and answers

Read these pages before teaching. Hide the model during independent assessment.

Question: Which comes first: Wednesday or Friday?

Evidence: A A fictional week: Monday: choose a club activity. Wednesday: practise the activity. Friday: share what was made. The words Monday, Wednesday and Friday supply the order.

Think aloud: Wednesday.

Check: Why add day labels? They make the order clear and allow it to be checked.

Arrival answers

1. A time before now
2. A time before now
3. Wednesday.
4. They make the order clear and allow it to be checked.

Shared activity reasoning

1. Monday choose an activity — 1. Monday is first in this set.
2. Wednesday practise — 2. Wednesday follows Monday.
3. Friday share the result — 3. Friday is later than Wednesday.

Exit responses

Which comes first: Wednesday or Friday? Wednesday.

Why add day labels? They make the order clear and allow it to be checked.

Teaching and evidence record

Supplied scheme of work teaching sequence: Order familiar event cards; model a placement and time cue. Make a personal or fictional weekly timeline with short captions.

Look for

F: correctly ordered sequence and recorded check.

Accept accurate equivalents, including speech or exact scribing. Check the concept and use of evidence rather than length or handwriting. Record access support separately from content prompting.

BUILD: a concrete example with a reason or demonstrated action. GROW: explain or compare with a relevant detail. LAUNCH: connect evidence and reasoning; use a limitation when the outcome requires it. Keep RE responses non-GCSE.

Media

Original captioned teaching model made for this pack. It demonstrates the supplied reasoning; it is not historical footage, survivor testimony or a documentary. The full transcript and factual source credits are included.

Use manual steps for a calm pace. The silent MP4 has visible captions and a matching text transcript. External archive media is optional and should be previewed before class.

Source credits

Source access was checked on 19 September 2026. Restricted links are listed in Sources_and_checks.html; a restriction here is not proof that the page is dead. Offline teaching material remains available.
