

Teacher card

How a local place changes / BUILD_S1_W04

Outcome: Talk about how my local area has changed.

Evidence to retain: F: annotated comparison.

Forty minute route

Arrival 4 min; starter 3; model 6; shared task 7; check 2; independent 12; review 3; exit 3.
Pause time is flexible.

Preparation

Choose one independent route. Print the evidence and shared cards, required visual or data sheet, route worksheet and exit. The organiser is one separate A4 page. Keep answers with staff.

Use date and source labels to establish order. Image colour is not proof of age. A fictional personal timeline is always allowed.

Access and regulation

Use one-step instructions, symbols and a model first. Offer talk, point, draw, type or write. Reduce the number of choices; extend by asking for a reason or a second example. Adults prompt the first response then fade support.

Offer a predictable start, private response and agreed pause. No cold calling or forced personal disclosure. Rejoin at one clearly named next step. Keep teen-appropriate examples and the same learning goal across response modes.

Use sensitive content warnings where relevant. Do not ask for family details or personal experiences.

Assessment

Use questioning and the exit response to decide the next step. Record the learner's individual contribution and the access support used.

UAS: no approved unit code is supplied. Match the learner's evidence to the centre-selected unit and exact criteria before submission. This pack makes no automatic award claim.

Model and answers

Read these pages before teaching. Hide the model during independent assessment.

Question: What is continuity?

Evidence: C Photo enquiry: Use the paired local photographs supplied with this unit. Read the captions and dates. Point to one feature in each image before deciding what changed.

Think aloud: Something that stays the same across the evidence being compared.

Check: Can photographs alone always explain why a place changed? No. Another source may be needed for the reason.

Arrival answers

1. The source dates.
2. A time before now
3. Something that stays the same across the evidence being compared.
4. No. Another source may be needed for the reason.

Shared activity reasoning

Exit responses

What is continuity? Something that stays the same across the evidence being compared.

Can photographs alone always explain why a place changed? No. Another source may be needed for the reason.

Teaching and evidence record

Supplied scheme of work teaching sequence: Compare paired local photographs; annotate one change and one continuity. Record a caption or spoken response.

Look for

F: annotated comparison.

Accept accurate equivalents, including speech or exact scribing. Check the concept and use of evidence rather than length or handwriting. Record access support separately from content prompting.

BUILD: a concrete example with a reason or demonstrated action. GROW: explain or compare with a relevant detail. LAUNCH: connect evidence and reasoning; use a limitation when the outcome requires it. Keep RE responses non-GCSE.

Media

Original captioned teaching model made for this pack. It demonstrates the supplied reasoning; it is not historical footage, survivor testimony or a documentary. The full transcript and factual source credits are included.

Use manual steps for a calm pace. The silent MP4 has visible captions and a matching text transcript. External archive media is optional and should be previewed before class.

Source credits

Source access was checked on 19 September 2026. Restricted links are listed in Sources_and_checks.html; a restriction here is not proof that the page is dead. Offline teaching material remains available.
